WHO WE ARE

FAJR ALMURAH is a premier Saudi-based engineering and construction company delivering integrated solutions across Civil Construction, HVAC & MEP, Facility Management, and IT Solutions. Founded on the principles of excellence and innovation, we have built a strong reputation as a trusted partner for government and private sector clients across the Kingdom. Our commitment to Quality, Safety, Innovation, and Customer Satisfaction drives every project we undertake — ensuring world-class results aligned with Vision 2030.

OUR CORE VALUES

Integrity

We uphold the highest standards of honesty and transparency in every project, building trust with clients, partners, and communities across the GCC region.

Quality Excellence

Delivering superior engineering and construction outcomes through rigorous quality control, certified processes, and an unwavering commitment to excellence.

Innovation & Safety First

Embracing cutting-edge technology and modern engineering solutions while maintaining zero-compromise safety standards on every site and facility we manage.

CIVIL CONSTRUCTION

High-rise buildings, infrastructure, commercial & residential projects delivered with precision engineering and world-class safety standards across Saudi Arabia & UAE.

OUR CAPABILITIES

- Building Construction
- Infrastructure
- Commercial Buildings
- Residential Buildings
- Earthworks
- Foundation Works

HVAC & MEP SERVICES

HVAC Services

Comprehensive HVAC solutions including Air Conditioning, Ventilation Systems, Ducting Works, Chiller Plants, Mechanical Rooms, and Preventive Maintenance for commercial and industrial facilities.

MEP Services

Full-scope MEP services covering Electrical Installations, Plumbing Systems, Fire Fighting & Suppression, Solar Energy Solutions, and integrated building services for all project scales.

MECHANICAL & IT SOLUTIONS

Mechanical Engineering

Steel fabrication, pipeline installation, and industrial plant maintenance delivered with precision engineering standards and full compliance to Saudi and international codes.

IT Solutions

End-to-end IT infrastructure, networking, cloud solutions, CCTV surveillance, and custom software development tailored for modern enterprises.

INTERIOR FIT-OUT SERVICES

Premium interior fit-out solutions delivering luxury finishes for offices, retail spaces, and reception areas across Saudi Arabia and the UAE.

From bespoke joinery and gypsum works to full office and retail fit-outs, we transform spaces with sophistication and precision craftsmanship.
